

Standalone Fingerprint System

Access control with Time & Attendance

Secure & Convenient

- Easily manageable Access Control and Attendance
- Adopt high quality DigitalPersona fingerprint sensor
- Multi-verification methods
- Network Management Software
- Data downloadable to USB storage drive

Standalone Fingerprint System

Features:

- * Professional Time & Attendance Software
- * Access Control: 50 time zones, 5 groups, 10 combination, support multi-user verification
- * Multiple authentication: Fingerprint, Password and SmartCard (Option)
- * High quality optical fingerprint reader
- * 600/1000/1500 fingerprints capacity, 30k/50K transaction storage
- * Identification time: less than 2 seconds
- * $FRR \leq 0.1\%$,
- * $FAR \leq 0.0001\%$
- * Communication: RS232, TCP/IP or RS485
- * Alarm functions: anti-dismantle, unauthorized open and duress
- * Input (controller): one door-sensor input; one release button signal input
- * Output (controller): one relay output; one alarm output
- * Integrated with ID/Mifare/HID cards
- * Power: 12V DC, idle current ≤ 50 mA, working current 400 mA
- * Operation temperature: $0^\circ - 45^\circ$
- * Operation humidity: 20%-80%
- * Option: Camera
